

Available in:

8.5 ton, 9.5 ton, 17 ton, 25 ton, 35 ton, 40 ton, 55 ton, 85 ton, 120 ton, 150 ton, 175 ton, 225 ton, 400 ton

Rovsco's ROV Quick Retrieve Shackles (QRET) are specifically designed for ROV use, to safely & precisely recover or relocate heavy equipment in the deep ocean.

Rovsco's ROV Quick Retrieve Shackles provide extremely reliable and trouble free operation. Their unique design maintains full integrity of the shackle while incorporating many safety features. The operation requires just a few simple steps through the use of ROV manipulator.

Rovsco's ROV Quick Retrieve Shackles are painted bright yellow which makes them clearly visible in the ocean and helps in achieving the safety objectives of the subsea operations.

Rovsco offers Load Certifications to qualify for oilfield certification requirements.

PATENTS PENDING

Features:

- ◆ Specifically designed for ROV operation
